DESCRIPTION AND PURPOSE OF ITEM

This item indicates the stage elevation of the design flood at the structure without the effects of the roadway constriction.

CODE AND SCREEN ENTRY INSTRUCTIONS

A five-digit field, with two decimal places.

Code the value in terms of feet and rounded to the nearest .01 (tenth) of a foot.

Fill unused spaces with zeros.

EXAMPLES

Flood Design NHE	Enter
38.068 feet	038.07
75.3 feet	075.30
